MEMORANDUM FOR: DD/I  
DD/P  
DD/S

SUBJECT: Description of OCB

There is attached a copy of a document which has been produced by OCB describing, for the casual official reader, how the OCB works. There is no specific mention of the somewhat anomalous relationship of CIA to OCB.

If you would like copies of this paper to distribute in your respective parts of the Agency, I would be glad to supply as many as you want.
